Dear Bruce,

The 2017 IMSHOF Induction Ceremony was held in a beautiful converted Chapel (see picture below). A total attendance of eighty-eight included the largest ever gathering of Honorees (24), plus official representatives from seven Honor Organizations.

They came from as far afield as Australia, California, and Brazil.

Friends reunited and new friendships were formed. Attendees met their heroes and that included many Honorees meeting their heroes! Stories were told and old lessons passed along during the drinks reception.

A fabulous dinner allowed guests to get acquainted with the Honorees as each honoree was seated at one of the table.

After dinner, Dale Petranec received the overdue round of applause as his health did not permit him to attend the 2016 Ceremony as the first recipient of The Dale Petranec Award for Services to the International Marathon Swimming Hall Of Fame. Introductions of all current Honorees and a few others followed.

Then the nine new inductees took to the stage together to hear the introductions and get an intimate appreciation of the accomplishments and contributors of their fellow Class of 2017 Inductees.

After the end of the formal program, socializing continued well into the early hours.
We are pleased to announce the the same venue is booked for the 2018 Induction Ceremony to be held on Saturday evening, March 31, 2018.

The Executive encourages you to book early.

Cheers,
Ned

Then Sunday morning -
The 2017 IMSHOF Congress

The following morning an informal Congress was held. About 40 attended including most of the Honorees. It was a chance to meet the members of the Executive Committee and hear about the workings of the IMSHOF:

• Nominations
• Voting
• Where the Committee focuses (and the areas outside the remit of the IMSHOF), and the big tough decisions.

The biggest decisions have been in the areas of "togs vs wetsuits/compression suits."

Comments? Opinions? Recommendations?
Go to the IMSHOF Facebook page.

The recent decision by FINA, for safety reasons, to mandate wetsuits below 18C and optional between 18 and 20C have greatly changed the sport. Eighteen months ago the Executive Committee policy was to bar (in nominations) all swims done in wetsuits/compression suits. This had the impact of excluding all contemporary elite racers from the ballot in 2017 (which was not desirable).
The funds help offset the expenses related to our primary event - the annual induction ceremony and dinner.

Additionally, the financial resources cover fees and subscriptions associated to the website, newsletters and social media Facebook, plus and an annual contribution to the ISHOF under which we operate.

Recently the Executive Committee changed the policy to recognise the costume as governed by the swim organisers.

For example, if the next Olympic 10k is mandated to be in wetsuit - these swims will be recognised in future nominations.

There followed a passionate discussion. From "well done with the new policy", to "make a new category Honor Swimmer - Assisted" to "add an *", to "...bar them."

The topic remains open and others are invited to comment and the plea was to "make a suggestion - it doesn't help just to complain about the changes in the sport". With a final reminder that the IMSHOF’s role is not to run the sport - but rather to select, honor and enshrine Honor Swimmers and Honor Contributors.
